

# US-ASEAN INTERNSHIP PROGRAM

U.S.-ASEAN Connect and the US-ASEAN Business Council (US-ABC) have developed the U.S.-ASEAN Internship Program to highlight internship opportunities for Southeast Asian students at top U.S. companies operating in Southeast Asia. The internship program will offer local students an opportunity to better understand the U.S. style of doing business and potentially secure employment after graduation, while also helping U.S. companies to recruit the best future employees. Internship opportunities will be updated regularly on [internships.usasean.org](http://internships.usasean.org).

## FINDING THE BEST

U.S.-ASEAN Connect and US-ABC have identified U.S. companies in the region with existing internship opportunities, and are ready to work with other U.S. companies to develop new internship programs in each ASEAN country. Internship information will be provided on US-ABC's internship website, [internships.usasean.org](http://internships.usasean.org), offering university students a one-stop platform to discover available internships and how to apply. ASEAN university students will apply directly to the U.S. companies, which will make their own hiring decisions.

## SPREADING THE WORD

Connect and US-ABC will promote internship opportunities through websites, social media, university contacts, and through the network of the Young Southeast Asian Leaders Initiative (YSEALI), a group of over 120,000 highly motivated young leaders in the ASEAN region. U.S. companies interested in participating in the internship program should contact Connect or US-ABC representatives to learn more about how to develop a program and advertise internship opportunities.

## ABOUT US

U.S.-ASEAN Connect is the United States' unifying framework for economic engagement with ASEAN and its ten member states. The Connect team is based at the U.S. Mission to ASEAN in Jakarta, Indonesia. The US-ASEAN Business Council is the premier advocacy organization for U.S. corporations operating within ASEAN. The Council is headquartered in Washington, D.C. and has offices in Bangkok, Hanoi, Jakarta, Kuala Lumpur, Manila, Singapore, and New York.
