

Next Generation Universal Service Obligations (USO 2.0) Programs in ASEAN

The Policy Continuum: 5/7

Problem Statement

i Traditional universal access policies have focused on access only; studies show that affordability, literacy, and applicability are equally important.

ASEAN Solutions

Expand the focus of universal service obligation policies to also include affordability, literacy, and applicability through the development of a next generation USO framework.

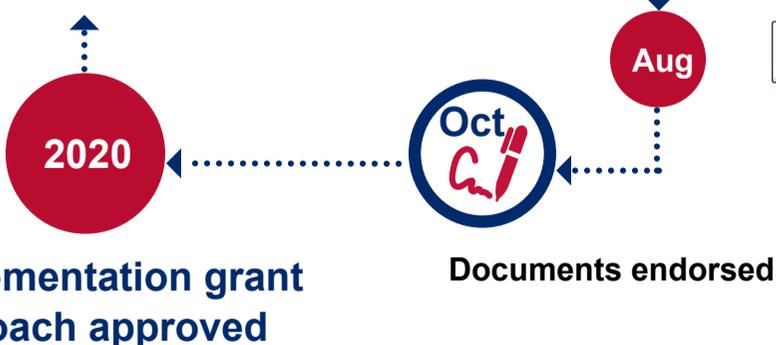

US-ACTI Support

- 2018 Workshop on USO frameworks and broadband policies in the region
- 2018 Workshop on best practices on telecenters (internet cafes).
- 2018 White paper on USO framework submitted and accepted.
- 2018 International Telecommunications Union (ITU) drafts USO 2.0 Framework.

IGNITE's Support

- 2019 Promoting USO as an integral component of national broadband strategies
- 2019 July Organize a consultative workshop for policy makers and industry on broadband policy and USO with ITU and Indonesia.
- 2019 Aug Approach to Next Generation Universal Service Obligation (USO 2.0) Programs in ASEAN

Implement next generation universal obligation programs at then national level
